A Business View of It.

"There's no place like home," said the romantic-minded man. "Certainly not," said his business-Nicholas Zink, John Genearo. Last year's minded wife, "if there's money enough to run it."

There ought not to be such an overwhelming sense of depression and weakness as a woman feels at this time and there would not be if she was in a perfectly strong and healthy condition. In thousands of cases motherhood has been divested of all its dangers and a large proportion of its pain by the use of Dr. Pierce's Favorite Prescription, which is the most marvelous temedy ever discovered for restoring complete organic health and strength to the delicate special structure involved in motherhood. Taken early during the prospective time it makes the mother strong, energetic and cheerful and carries her through the period of trial with comparative comfort and ease. It increases the baby's natural, constitutional vigor and adds to the joys of motherhood the supreme satisfaction of a strong, robust, lusty infant. "Favorite Prescription" is also the best supportive tonic for nursing mothers. Every expectant mother will appreciate what is said by Mrs. Fannie M. Harry, of Galesburg, Ills., (545 Churchill Ave.) In a letter to Dr. Pierce

she writes: "I have used your medicines in my family for a long time, and find them to be all that is claimed I cannot recommend them too highly. My confinement was made easy, as I experienced none of the pains such as others have at that period, and the first born the one that mothers fear so much. Besides, the medicine has helped me in many other ways. I would recommend all afflicted women to try Dr. Pierce's valuable medicines, and thus become well and stron."
